

2C x 0.75CY

Application

Flexible screened control cable for control and data connections with interference protection.

Indoor use unless suitably protected.

Construction

Conductor material:	Stranded bare copper Class 5 (24x 0.19)
Insulation material:	LSF-PVC – diameter 2.00 (+/-0.13)mm x 2
Core identification:	Blue and brown
Screen:	Tinned Copper clad Alu 0.12 x 16 x 5 plus 100% aluminium shield
Jacket:	Grey LSF

Characteristics

Voltage rating	300 / 500 V
Conductor DC resistance	< 3.04Ω/100m
Insulation DC resistance	>200MΩ*m
Test standard	UL1581 Vertical Flame Test
Nominal Od	5.4 (+/-0.25) mm
