## 2C x 1.5CY

### Application

Flexible screened control cable for control and data connections with interference protection.

Indoor use unless suitably protected.

**CPR Compliant EN50575 -Class ECA**

### Construction

Conductor material:	Stranded bare copper Class 5 ( 30 x 0.24 )
Insulation material: :	LSF-PVC – diameter 2.40 (+/-0.15)mm x 2
Core identification:	Blue and brown
Screen:	Tinned Copper clad Alu 0.12 x 16 x 5 plus 100% aluminium shield
Jacket:	Grey LSOH or Black LSOH UV resistant

### Characteristics

Voltage rating	300 / 500 V
Conductor DC resistance	< 1.52 Ω/100m
Insulation DC resistance	>200MΩ*m
Test standard	UL1581 Vertical Flame Test
Nominal Od	6.60 (+/-0.25) mm
