SCS9841 Equiv LSZH – 1 x 2 x 24AWG F+B Screen

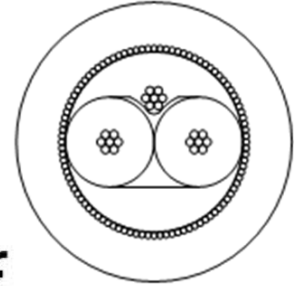

Application

Data cable foil and braid screening, interference protection.

RS485 applications

LSOH jacket for greater safety in event of fire

600 V rated Jacket for cable tray use

CPR Compliant -Class ECA

Construction

Conductor material:	Stranded tinned copper 7 x 0.20
Insulation material:	SPE – diameter 1.80 (+/-0.13)mm x 2
Core identification:	White with blue stripe, blue with a white stripe
Shield material:	AL-foil plus 7 x 0.20 copper drain material
Second shield material:	Tinned copper braid shield 0.12 x 16 x 7
Jacket:	Grey LSZH surface, nominal O.D. 5.90 (+/-0.20)mm
Nominal O.D.	5.90 (+/-0.20)mm

Characteristics

Voltage rating	600V
Temperature rating	80°C
Conductor DC resistance	< 9.41 Ω/100M
Insulation DC resistance	>200MΩ*M
